

Kids Create Ukraine foundation- Press Kit

About the Foundation

Kids Create Ukraine is dedicated to supporting Ukrainian children affected by the war through arts, education, and cultural programs.

The Kids Create Ukraine foundation was established in honor of **Benjamin Aser**, a 21-year-old Ukrainian soldier who fell in action. Benjamin volunteered to defend Ukraine, serving in the **3rd Separate Assault Brigade**, and exemplified courage, heroism, and outstanding moral character. His bravery and selflessness continue to inspire the work of the foundation.

Our mission is to assist **Ukrainian children** in processing trauma, developing emotional resilience, and expressing themselves creatively in a safe and supportive environment. We believe in the transformative power of creativity to heal and empower young minds.

Our Mission

The mission of Kids Create Ukraine is to provide support to **Ukrainian children**, particularly those affected by the war. Our programs aim to foster emotional recovery, creative self-expression, and personal development.

Our Programs

- **Art Workshops:** Providing Ukrainian children with opportunities to express their emotions and ideas through various art forms.
- **Educational Initiatives:** School catch-up programs and language support to help Ukrainian children continue their learning.
- **Cultural Projects:** Preserving and promoting Ukrainian culture among youth through various events and activities.

Media Events & Press Materials

The latest press releases, photos, and videos are continuously available on our **Media page**, helping to showcase our programs supporting Ukrainian children.
